IL PEZZO MANCANTE

2025

Tutti cerchiamo il nostro Pezzo Mancante

“ *we are all looking for our Missing Piece* ”

La nostra storia, *our story*

“Dal momento in cui ci siamo conosciuti nel 2007, abbiamo condiviso una grande passione per l’artigianalità, i materiali nobili e naturalmente, per il design. Nel 2010, spinti dal desiderio di dare vita alle nostre idee e forti del nostro legame (e anche grazie a un po’ di follia!), abbiamo fondato Il Pezzo Mancante, unendo le nostre competenze nell’illuminazione e nell’arredamento.

Nel tempo, Il Pezzo Mancante è diventato parte della nostra famiglia, qualcosa di cui prendersi cura. Abbiamo formato un team di persone appassionate che condividono i nostri stessi valori e la stessa follia.

Il Pezzo Mancante è un mondo che esalta la bellezza del pezzo fatto a mano, la trasformazione della materia grezza e la sperimentazione di nuove tecnologie unite alla più alta tradizione artigiana.

Le collezioni, create con grande cura nel nostro Atelier di Firenze, si trasformano in tesori senza tempo, diventando il “Pezzo Mancante” negli ambienti dei nostri clienti.”

“Since we met in 2007, we have shared a deep passion for craftsmanship, noble materials, and of course, design. In 2010, driven by the desire to bring our ideas to life and strengthened by our bond (and a little bit of madness!), we founded Il Pezzo Mancante, combining our expertise in lighting and furniture.

Over time, Il Pezzo Mancante has become part of our family, something to care for. We have built a team of passionate people who share our values and the same spark.

Il Pezzo Mancante is a world that celebrates the beauty of handcrafted pieces, the transformation of raw materials and the fusion of new technologies with the finest artisanal traditions.

The collections, meticulously crafted in our Florence Atelier, evolve into timeless treasures, becoming the “Missing Piece” in our clients’ spaces.”

L'unicità, *the uniqueness*

L'eccezionalità dei materiali naturali con le loro infinite variazioni e le imperfezioni della lavorazione artigianale, si uniscono per dar vita a oggetti irripetibili.

Per valorizzare questa unicità, ogni opera ha il proprio "Pezzo Mancante": un piccolo cilindro in ottone che ne riporta inciso il nome e il numero di serie.

Questo semplice oggetto è anche la rappresentazione del nostro concetto di "Pezzo Mancante": la metafora di una ricerca continua, quel "pezzo" che ciascuno di noi desidera trovare in un preciso momento della propria vita.

The exclusivity of natural materials, with their endless variations and the imperfections of artisanal craftsmanship, come together to create one-of-a-kind objects.

To highlight this uniqueness, each creation has its own "Missing Piece": a small brass cylinder engraved with its name and serial number.

This simple object also embodies our idea of the "Missing Piece": a metaphor for the ongoing search we all undertake, that "piece" we all wish to find at a special moment in our lives.

Scatti dall'atelier, *snapshots from the atelier*

“ These processes have something primal, inviting you to touch the smooth, rounded surfaces and deeply inhale the scent of freshly sanded wood. ”

“ You find yourself standing still, enveloped by the warmth of the furnace, mesmerized by the molten crystal, admiring the skilled hands shaping the material, giving birth to something unique. ”
