COLLECTION  
2025

Lighting collection  
from Finland

Mikko Kärkkäinen / CEO & Designer

---

I believe that lighting should provide long-lasting enjoyment. This is what Tunto has been about since the beginning: we create innovative lighting with a soul, combining wood and true craftsmanship with the latest technological advancements.

We have set the bar high at Tunto. We always strive to become an even better lighting manufacturer – and offer creative, inspiring products and solutions to all our customers.

Join us on this journey in creating innovative lighting with a soul.

A wide-angle photograph of the interior of Finlandia Hall in Helsinki. The space is a large, open hall with a high ceiling and a light-colored carpet. In the foreground, a wide set of light-colored stone steps leads up towards the center of the hall. The ceiling is white and features a grid of recessed rectangular lights. The walls are made of large, light-colored stone blocks. In the background, there is a long wall of tall, narrow windows with vertical blinds. Several small, dark-colored tables and chairs are arranged in the middle of the hall. To the right, there is a long, low wooden reception desk. The overall atmosphere is clean, modern, and spacious.
